**Jorge Pardo** | Born in Havana, Cuba, in 1963, Jorge Pardo currently lives and works in Los Angeles. He received a BFA from the Art Center College of Design in Pasadena, California, in 1988. His many notable international architectural projects include his redesign of the Pre-Columbian art collection at the Los Angeles County Museum of Art, renovation of a colonial home in Merida, Mexico, and his design of a restaurant for government officials in the German Bundestag, Berlin. Pardo's work is represented in the collection of the Museum of Modern Art, New York and the Boijmans Van Beuningen Museum in Rotterdam, Holland, among others. In addition to being named a 2010 MacArthur Fellow, he has been honored by a Smithsonian American Art Museum Lucelia Award and The Louis Comfort Tiffany Foundation.

**Plat 99** | is more than just a bar-lounge; it is a work of art. Designed by Cuban-born artist Jorge Pardo (recipient of the prestigious MacArthur "genius" award), the artist conceived the bar as an immersive environment. With his Los Angeles studio, he designed the gradated concrete-block tiles that distinguish the floor and columns, and used the tile motif as an inspiration for the bar face and metal screens. Best known for his masterful lighting design, Pardo also designed the colorful, striking assortment of 99 pendant lamps above the lounge, and the additional 20 lamps suspended above the grand staircase. Plat 99 is the only bar that the Pardo studio has designed in the United States outside of Los Angeles, and is the first bar that the studio has ever designed for a hotel.
